HOW RISKY IS IT?

The value of the fund can go down as well as up. You could lose money.

One way to gauge risk is to look at how much a fund's returns change over time. This is called "volatility".

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

Risk rating

AGF Investments Inc. has rated the volatility of this fund as **low to medium**.

Because this is a new fund, the risk rating is only an estimate by AGF Investments Inc. Generally, the rating is based on how much the fund's returns have changed from year to year. It doesn't tell you how volatile the fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

Low	Low to medium	Medium	Medium to high	High
-----	----------------------	--------	----------------	------

A WORD ABOUT TAX

In general, you'll have to pay income tax on any money you make on a fund. How much you pay depends on the tax laws where you live and whether or not you hold the fund in a registered plan, such as a Registered Retirement Savings Plan or a Tax-Free Savings Account.

Keep in mind that if you hold your fund in a non-registered account, generally, fund distributions are included in your taxable income, whether you get them in cash or have them reinvested.

HOW MUCH DOES IT COST?

The following tables show the fees and expenses you could pay to buy, own and sell Mutual Fund Series units of the fund. The fees and expenses - including any commissions - can vary among series of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

1. Sales charges

You can only choose the front-end sales charge option when you buy the fund.

Sales charge option	What you pay		How it works
	in per cent (%)	in dollars (\$)	
Front end sales charge	0 to 6% of the amount	\$0 to \$60 on every \$1,000 you buy	<ul style="list-style-type: none"> • You and your registered representative decide on the rate. • The front end sales charge is deducted from the amount you buy. It goes to your representative's firm as a commission.

2. Fund expenses

You do not pay these expenses directly. They affect you because they reduce the fund's return. The fund's expenses are made up of a management fee (which includes the trailing commission), fixed administration fee, any operating expenses not covered by the fixed administration fee, the fund's proportionate share of the MER, if applicable, of any underlying fund(s), and trading costs. The series' annual management fee is 1.90% of the series' value and the series' fixed administration fee is 0.15% of the series' value. Because this series is new, its operating expenses not covered by the fixed administration fee and trading costs are not yet available.

More about the trailing commission

The trailing commission is an ongoing commission. It is paid for as long as you own the fund. It is for the services and/or advice that your representative and their firm provide to you.

AGF Investments Inc. pays the trailing commission to your representative's firm. It is paid from the fund's management fee and is based on the value of your investment.

Sales charge option	Amount of trailing commission
Front end sales charge	up to 1.00% (\$10.00 for every \$1,000 invested) of the value of your investment each year.

3. Other fees

You may have to pay other fees when you buy, hold, sell or switch securities of the fund.

Fee	What you pay
Short-term or frequent trading fee	Up to 2% of the value of securities you sell or switch within 30 calendar days of purchase, or whether there have been multiple redemptions or switches made within 15 calendar days of purchase. These fees go to the fund.
Switch fee	Your registered representative may charge you up to 2% of the value of securities you switch to another AGF fund.
